

Padagis Naloxone⁺™

EMERGENCY TREATMENT OF OPIOID OVERDOSE

Designed to rapidly reverse the effects of a life-threatening opioid emergency.

HOW TO USE:

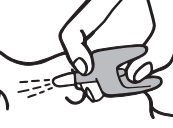

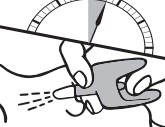

IMPORTANT

For Use in the Nose Only

Do NOT Test Nasal Spray Device Before Use

1 Nasal Spray Device Contains 1 Dose of Medicine

Each Device Sprays 1 Time Only

STEP 1	CHECK IF YOU SUSPECT AN OVERDOSE The person will not wake up or is very sleepy or not breathing well ▶ Yell "Wake Up!" ▶ Shake the person gently ▶ If the person is not awake, go to Step 2	1 CHECK WAKE UP 
STEP 2	GIVE 1ST DOSE IN THE NOSE 1 nasal spray device contains 1 dose ▶ HOLD the nasal spray device with your thumb on the bottom of the plunger ▶ INSERT the nozzle into either NOSTRIL ▶ PRESS the plunger firmly to give the 1st dose	2 GIVE 
STEP 3	CALL 911 Call 911 immediately after giving the 1 st dose	3 CALL 
STEP 4	WATCH & GIVE Wait 2-3 minutes after the 1st dose to give the medicine time to work ▶ If the person wakes up: Go to Step 5 ▶ If the person does not wake up: • Continue to give doses every 2-3 minutes until the person wakes up • It is safe to keep giving doses	4 WATCH/GIVE 2-3 minutes 
STEP 5	STAY You may need to give all the doses in the pack ▶ STAY until ambulance arrives: even if the person wakes up ▶ GIVE another dose if the person becomes very sleepy again	5 STAY 

WHEN TO USE:

- * Use to "revive" someone during an overdose from many prescription pain medications or street drugs such as heroin.
- * Safe to use even if opioids are not present

SIGNS & SYMPTOMS:

- * Will not wake up or respond to a loud voice or rubbing firmly on the middle of their chest
- * Breathing is very slow, uneven, or has stopped
- * Center part of eye is very small, sometimes called "pinpoint pupils"
- * Fingernails and lips turning blue or purple

CARRYING PADAGIS® NALOXONE NASAL SPRAY COULD SAVE A LIFE

FAQs

Is Padagis® Naloxone a generic formulation to branded NARCAN® Nasal Spray?

Yes, Padagis® Naloxone has the same active ingredient as the branded 4mg naloxone nasal spray.

What are the possible side effects of Padagis® Naloxone Nasal Spray?

When using this product some people may experience symptoms when they wake up, such as shaking, sweating, nausea, or feeling angry. This is to be expected.

How should Padagis® Naloxone Nasal Spray be stored?

At room temperature or refrigerated: between 36°F to 77°F (2°C to 25°C). Do not freeze. Avoid excessive heat above 104°F (40°C). Protect from light. *Please adhere to the expiration date as printed on the package.*

How should Padagis® Naloxone Nasal Spray come packaged?

In a carton containing two single-dose nasal spray devices, packaged individually in sealed blisters. *Do not use if the blister is open or torn, or if the device appears damaged.*

Who can purchase Padagis® Naloxone Nasal Spray?

Anyone can purchase Padagis® Naloxone Nasal Spray. There is no age limit, prescription, or ID required.
